

PF15 DIMENSION

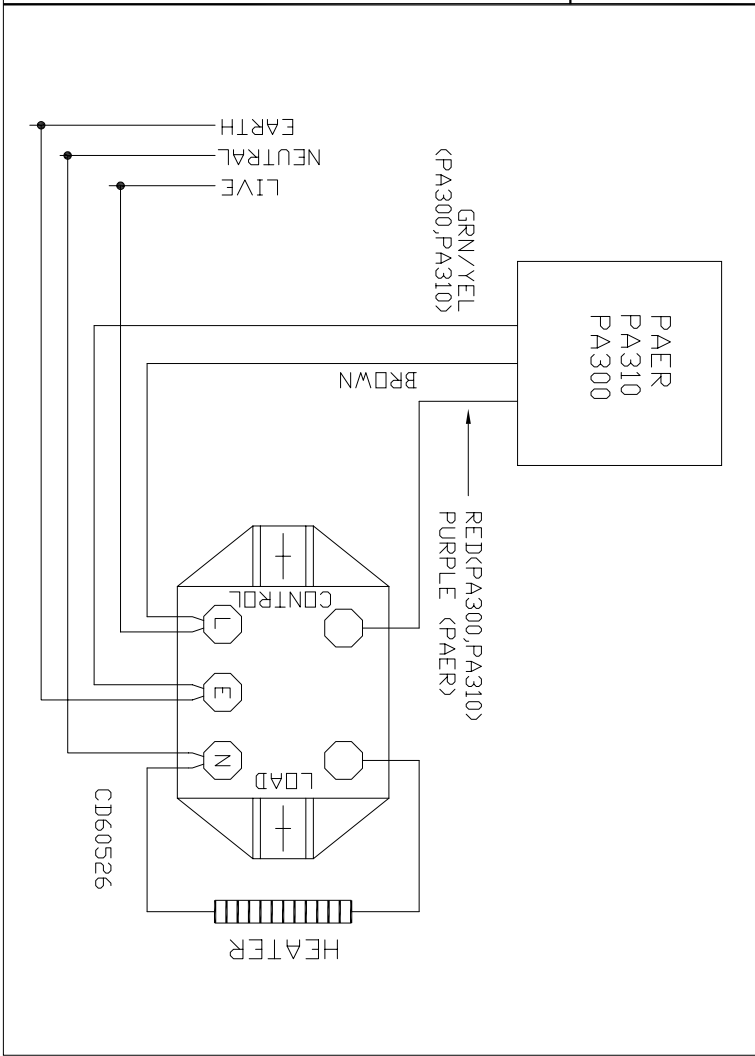

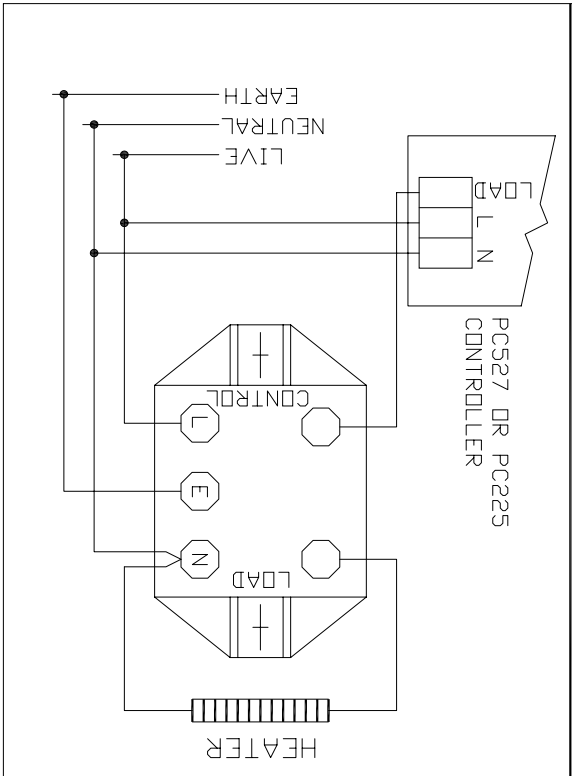

TWO OFF MOUNTING HOLES, 5.5mm DIM.

PF 15A RFI FILTER

The max. supply voltage for a PF15A is 264V_{ac}, max. current is 15A at 40 degree C ambient.

When a phase angle controller is used together with a PF15A, the electrical noise produced will be reduce to a level which meet the EMC requirement, EMC generic standard, EN50081.

POWERLINK ELECTRONICS LTD.
